Subject: Plan of Operations Denied, Rosen Valley Rock, LLC and Bill Bown Quarry, Dove Creek Quarry, M/003/0016, Box Elder County, Utah

Dear Mr. Scrivanich:

On May 4, 2016, representatives of the Division of Oil, Gas and Mining (Division—Lynn Kunzler) and the U.S. Forest Service (Heidie Torrealday) met with Sara Zollinger and Jeff Hall from your company at the Dove Creek Quarry. The main purpose of this on-site meeting was to discuss the Plan of Operations that was received by the Division on April 11, 2016, and the deficiencies in the plan. Comments were made that because of the lack of detailed planning and maps, neither the Forest Service nor the Division could accept or approve the plan. There was then further discussion about the level of detail and other information needed.

It was agreed that the Division and Forest Service would not review the Plan further and that Oakley Mountain Corporation would provide a new submittal. In preparing a new Plan of Operations, the representatives who participated in the meeting would review past plans and maps and determine what information and portions of the plans could still be used and what changes and additions would be needed. Subsequent to the May 4 meeting, Ms. Zollinger and Mr. Kunzler met to discuss these issues. There is currently no specific schedule for a response, but Ms. Zollinger and Mr. Kunzler discussed a possible time frame of mid-July.

The Division looks forward to working with you to complete the permitting process. Please don't hesitate to call as questions arise while you assemble your plan of operations. Lynn Kunzler is the Division primary contact for this operation. He can be reached at 801-538-5310 or by e mail at lynnkunzler@utah.gov. Thank you for your cooperation.

Sincerely,

Paul Baker
Minerals Program Manager
